Dare Devils To Appear Here

After six years of highly successful operation from coast to coast in Canada the Congress of Canadian Dare Devils will appear here at the Exhibition Grounds in Raymond, under the sponsorship of the Legion and your Ford — Monarch Dealer, Sugar City Motors, on Thursday July 9.

This thrill show, boasting a 90 per cent Canadian cast and using Canadian equipment is making its first American appearance.

Formerly comprised of Hollywood stuntmen, this year's edition features many drivers who have made names for themselves in auto and motorcycle racing world. It is Canada's largest traveling show — 25 thrilling acts will be exhibited by a company of 30 people.

For many years Canada has not been ready to compete with its cousin across the line in the field of motorized thrill performances — BUT NOW, it can be said the Congress of Canadian Dare Devils will prove equal, if not superior, to any show on the North American continent.

The two hour performance is a spine tingling exhibition of high speed precision driving performed by steel nerved dare devils climaxed by a glistering new 1953 automobile SHOT— from a giant cannon!

Red Cross To Conduct Donor Clinic In July

The people of Raymond district have been asked by the Red Cross Blood Transfusion Service to supply 150 at a clinic on Thursday July 16.

While it is realized this is not the most convenient time of the year, it is pointed out that the needs of this service are continuous.

During seeding and throughout the summer months farm accidents occur which demand immediate attention.

In 1952 every emergency where blood was needed was attended to.

Increasing strain is continuously put upon the limited resources of the Blood Transfusion Service to procure still more supplies.

emergencies. It is only made available heaviest the Service in Southern Alta. has been called on to meet.

It cannot be taken for granted that blood will always be on hand for all emergencies. It is only made available by public spirited citizens who have taken the time and effort to attend scheduled clinics.

We are indeed fortunate, who are able to give for those in need.

The Story Of A Sorry Cyclist

There is one sorry cyclist in town the other day. A young fellow was roaring down the sidewalk and as he attempted to make the turn through Raymond Motors driveway he realized it was occupied by a car and a couple of pedestrians. What to do? He took the only way out—he crashed headlong into the large square pillar on the corner. His bicycle was damaged quite seriously and it took a few moments for him to discover that he was still alive.

Moral to the story— don't ride bicycles on the sidewalk.

Mrs. T. Geo. Wood recently accompanied Mr. Wood to Calgary where he underwent an operation. He has now returned home.

Guests on Sunday at the J.M. Rasmussen home in Magrath included: Nola Atwood, David Brandley, Dan Atwood, Mr. and Mrs. Grant Litchfield.

Denny Smith Has Close Call

Denny, young son of Mr. and Mrs. Dan Smith had a very close brush with the Grim Reaper, recently, when on a sight seeing tour of the St. Mary Dam. Denny and some of the other children were out on the bank overlooking the spillway when he lost his footing and slipped over the edge fell down about thirty feet before he was able to grasp a wire to stop his fall. He was then able to climb back to safety but it will be a long time before he will forget his narrow escape.

The Fourth Ward M Men and G'eaners enjoyed Fireside at the home of Mr and Mrs. Ira McBride on Sunday when they viewed pictures taken by Gordon Cooper during his travels.

Mr. and Mrs. Dell Low of Boise, Id who are visiting her parents Mr. and Mrs. Floyd Wilde for two or three weeks.

Holt Brothers Dress Up Window

For real western atmosphere you can't beat Holt Bros. Meat Market display. The work put in has surely been repaid by the wide interest the window has achieved. Anyone who has n't seen the western panorama yet had better hurry on down and have a look—see.

The Second Ward Seagulls and their teacher Mrs. Sally Hippard were guests at the home of Mrs. Dora Oler recently for the Graduation Party attended by their mothers, and Mrs. Margaret Perrot, Stake Leader, Mrs. Alice Powelson and Mrs. Vera Dawley, Primary Presidency, and D. A. Bennett of the Bishopric.

A very enjoyable program consisting of talks, musicals and skits was presented by Connie Alfred, Jo-Anne Ralph, Judy Strong, Marjory Kinney and Bonnie Jessop.

Mr. and Mrs. Ross Humphries of Picture Butte spent Sunday in town visiting her mother Mrs. Phoebe Evans.

Ralph Walker recently attended the Young Liberals Convention held in Banff.

Mr. Walker has been appointed District organizer for this Party.

The C. B. Smiths Honored

Members of the High Priests Quorum, of which C. B. Smith is a member met at the home of Mrs. Fontella Hawkins with their wives Sunday evening. The occasion was a Farewell Party for the Smiths who will shortly leave for Salt Lake to attend Mission school before leaving for Portland Oregon, their Mission Headquarters.

Lester Lee of Cardston spoke briefly reminding about old times with Mr. Smith after which Rayo Woolf showed pictures taken on recent trips. Also enjoyed were recordings of the Tabernacle Choir. Alan Watson was in charge of the program, which was enjoyed by the Clarence Smiths, Lester Lees, C. R. Wing, Ken Knight, Clarence Allreds, Ed Hancock, Dan Holladays, Rayo Woolfs, Paul Fairbanks, L. D. King, E. L. Spackmans, Czar Fairbankses, L. L. Andersons, Junius Andersons and Mrs. Alice Court.

Mrs. LaFern Harker and Mrs. Irene Ninion left on Wednesday for Bellingham, Washington where they plan to attend Summer School.

Mr. and Mrs. Wallace Shields of Diamond City were guests at the home of Mr. and Mrs. Bill Bowden on Sunday for an enjoyable visit.

Mrs. Frank Taylor and Carolyn arrived home on Wednesday from Utah.

Mrs. Taylor has been visiting her son-in-law and daughter Mr. and Mrs. Frank Newman of Salt Lake City and her new granddaughter Linda Kathleen who was born on April 24th.

Floyd Harrison returned this week from Utah where he attended his grandmother's funeral. His parents from Magrath accompanied him on the trip.

New Method Of Addressing Papers

As you will notice on the front page of your paper, we have a new method of addressing. This machine will save us a lot of time and more convenient. It is now possible for us to keep you up to late on the expiry date of your paper, and we ask you to let us know if the date shown does not agree with your last receipt. Thank you kindly.

Mrs. Frank Taylor and Carolyn arrived home on Wednesday from Utah.

Mrs. Taylor has been visiting her son-in-law and daughter Mr. and Mrs. Frank Newman of Salt Lake City and her new granddaughter Linda Kathleen who was born on April 24th.

Floyd Harrison returned this week from Utah where he attended his grandmother's funeral. His parents from Magrath accompanied him on the trip.

NOTICE

All persons keeping pigs in the Town of Raymond must have a permit from the Chairman of the Board of Health (Dr. Walker or Dr. Taylor) renewed yearly. No permit may be granted for more than two pigs. Failure to have this permit will result in prosecution under the Town's Health By-Law.

TOWN COUNCIL

Mrs. Inez Hall was hostess to her Sewing Club last week at which Mesdames Mabel Pack and Phyl Meeks were special guests.

The Raymond Music Club met at the home of Mrs. Ruby Holland this week to make plans for the float to be entered in the parade.

Mrs. Tommy Allan left recently for a month's visit in Vancouver with her son-in-law and daughter, Mr. and Mrs. Johnny (Hazel) Brunton.

Two events were celebrated on the sixteenth of June at the home of Mr. and Mrs. Lloyd Dahl with a dinner party — Mrs. Dahl's father, Rudolph Tollestrup's birthday and the Dahls Wedding Anniversary.

After dinner the Tollestrups and Dahls and Tommy Allan enjoyed a few hands of Canasta.

Mahlon Smith Re-joins RCAF

Mahlon Smith has re-joined the RCAF and leaves at the end of June for London, Ont., for ten weeks preliminary training in Flying Control. Mahlon was a flying instructor during the last war and will rejoin the Air Force with the rank of Flying Officer.

Mrs. Helen Babb entertained the Wednesday Night Club at her home last week at which Olive Fisher won the High Score and Leola Meeks the Low. Special guests were Julia Tollestrup and Irene Minion.

A delicious lunch concluded the evening.

A Sunday evening Study Class met at the home of Mr. and Mrs. Bill Bowden, at which Bill gave the lesson and Dorothy served refreshments.

Speedsters In School Zone Run Over Dog

Trigger's dead — Trigger a little innocent greyish brown terrier who was loved by and loved in return every kid in town.

Yes, Trigger is dead — killed by a car, two-toned dark green — carrying two men. But apparently neither was driving, for they were traveling at least forty miles an hour in a twenty-five mile speed zone— slower during school hours. They made so much dust they couldn't see behind to see if they had hit something. They didn't slow down either. If a driver can tell when he hits a jack-rabbit, surely he should register something when e its a dog even a small one.

This is the first death I know of on our town section of the highway. But at the rate of speed at which the cars four out of five of them— travel on this road, it will be the last.

The school is also on this highway and children are on the road at all hours of the day.

Are we going to have to wait until one of them is killed before the speed limit is enforced?

It was a little dog this time. Who will it be next?

NOTICE TO WATER USERS

It will be necessary to make drastic restrictions on the use of water if some people persist in wasting water by excessive watering of lawns and gardens.

TOWN COUNCIL

Mr. and Mrs. Floyd Litchfield have had as their houseguest the past week Calvin Raisor of Richfield, Utah.

While he was here he accompanied Mr. and Mrs. Litchfield and Lorraine to Claresholm to visit Mr. and Mrs. Melvin (Marjory) Mu'holand and to Coultis to visit Mr. and Mrs. Lyle (Iona) Piepgrass.

A Refreshing Sight

Travelers on the highway just east of Broadway should have their day brightened a little as they pass the Arldige Hill home, because someone has cared enough about beautifying the town to plant some very lovely flowers along the boulevard. "Beautiful Raymond" are not just empty words as far as the Hills are concerned.

Mrs. Keith Turner and children left on Thursday for Fort William, Ontario to visit her father George Antonuk for a month.

Mrs. Dan Smith and sons, Denny and Ray, were recent visitors in Bassano where they attended the funeral of Dan's brother Ronald. Ronald was killed about four a.m. on Wed. when he was driving a caterpillar tractor, upsetting it and crushing Mr. Smith beneath it. Dan was in Eastern Canada and so was unable to be there for the funeral.

Building Fund Grows As 1st Ward Entertains

The crowd that gathered at the Stake House on Wednesday not only helped swell the Stake Recreation Hall Building Fund but received a musical treat put on by the First Ward Choir.

Jim Hudson was the Master of Ceremonies for the program which consisted of numbers by the Glee-ette, Club, 'I Do Not Ask O Lord' and 'Moonlight Bay', opening the program and 'The Holiday' and 'My Isle of Golden Dreams' at the conclusion. Beth Walker was Chorister and Connie Grant the accompanist. Geraldine and Tom Asplund entertained with two Readings and Hugh Laycock also of Lethbridge rendered three violin selections, Hazel Fairbanks played an organ selection followed by Gen. Laura and Velma singing 'Day-Break' and 'The Waltz from Faust'. Another Lethbridge girl, Francine Russell played a piano solo before the two Asplunds caused a great deal of merriment with their Burlesque on Opera.

Executive Changes In 2nd and 4th Ward MIA

Mona Palmer is the new Young Ladies President in the Second Ward with Nonavee Jones and Marie Strong her Councilors. Joan Hickman is Secretary Treasurer, Mildred Jensen Recording Secretary, Geraldine Palmer Drama Director, Nola Atwood Speech Director, Gladys Gough Music, Dora King Gleaner Leader, Jolayne HPI Junior Gleaner, Rose Hudson Mia Maid Leader, Irene Allred and Carol Shaw Bee Keepers and Helen Sabey and Marjory Vincent Special Interest Supervisors and Ethel Hicken Dance Director.

Ada Stone is the new President of the Young Ladies MIA in the Fourth Ward with her Councilors being Beth Galbraith and Kay Rolison. Mildred Wood Secretary Treasurer, Lillian De Meester Attendance Secretary, Mary Rasmussen Special Interest Supervisor, Emma Redd Gleaner Leader, Ruth Nalder Mia Maids, Connie Cox and Margaret Taylor Bee Keepers, Lillie McGilvary Era Director, Nora Stone Dance Director, Rosemary (Wood) Slover, Drama Director, Rita Rasmussen, Speech Director Mildred Wilde, and Sports Director Ollie Turner.

Mr. and Mrs. Doral Stone entertained at a chicken supper recently in honor of Mr. and Mrs. Dell Low of Boise, Idaho.

An evening of visiting and reminiscing was enjoyed by the Jim Bridges, Barker Selmans, Bill Mehews, Murray Wildes and Bill Nalders.

What Happened At Council Meeting

Regular meeting of the Council was held at the Town Hall at 8 p.m. Those present were Mayor Taylor and Councilors Wilde, Ralph, Kenney Salmon and Galbraith.

Minutes of the previous meeting were read and adopted on motion of Councilor Kenney.

Cash Statement was read and accepted on the motion of Councilor Wilde.

Canadian Culture organization represented by Della Woolf and Edith Woolley met the Council requesting the use of two of the present Library rooms when they are vacated by the Library. Moved by Councilor Galbraith that his committee study the situation and bring in a report, taking into consideration that possibly the present heating system would not be adequate to heat these rooms. Carried.

Chamber of Commerce: A.W. Hill and Jim Bridge, representing the Chamber of Commerce met the Council requesting a grant for the Dominion Day Parade of \$350.00, being the amount given last year and also requesting the town to pay a sum equal to last years contribution of about \$85.00, for repairs to the stampede corrals. Moved by Councilor Ralph that the town grant these requests in a sum not exceeding last years grant. Carried.

Raymond Mercantile Represented by Jim Bridge met the Council requesting (1) That the town designate as an intersection a location between the (continued on page five)

Dr. Taylor Talks On Polio At Auxiliary Meet

The Raymond Hospital Auxiliary met at the hospital on Wed. June 17.

A very interesting talk was given by Dr. Taylor. The topic was Polio Mialitis. It was noted that even though we have no Polio at this time we should always be alert to try and prevent this dread disease in our younger set now that the summer is here.

During the business of the day it was brought forward that the Salmon Home has been purchased by the Hospital Board as a Resident Home for our Nurses. The Auxiliary were asked to assist in making this home as comfortable as possible for our new Nurses. So we in turn ask the people of Raymond if they would like to donate any furnishings they may have in the way of small tables, chairs, living room chairs, table or floor lamps Curtains or rugs Phone 277 or 286 and these will be called for.

Thank you. The Hospital Auxiliary has 22 members to date and as there is no July meeting we would like to welcome all prospective new members to meet with us August 19th, at the Hospital.

RADIO QUEEN

Coronation Year has special significance for charming CBC actress Ruth Springfield, who has played the role of queen so often during her radio career that she feels like just another member of the royal family. To date she has been cast as Mary Queen of Scots, Queen Wilhelmina, Carlotta of Mexico Anne Boleyn, Lady Macbeth and Eliza beth I. Her latest queen-portrayal, one she has done before, is that of Queen Victoria in the stage 53 productions of two of the Palace Plays of Laurence Housman. "Just call me Queenie," she says jokingly.

 Advertising rates on application.
 Serving one of Canada's richest irrigated mixed farming districts.

YOU AND THE STAMPEDE

Coming up soon will be Raymond's annual Stampede and Race meet and each and every person in the area has a share in the venture. The Stampede is Big Business, and, as such, offers many advantages to its stockholders who are you and I and the rest of the people included in Raymond and district.

The Stampede is now an Institution and for Raymond to drop out of the Rodeo circuit would be much the same as losing all your back teeth—it doesn't show very much but your efficiency is sure slowed down. As a single event in town nothing comes close to the Stampede (unless it's beet payment time). This is the time when young and old share the enthusiasm for frontier life and everyone forgets the trials and tribulations of their work-a-day world to join in the fun.

The Chamber of Commerce of Raymond and district are the sponsors of this show and the executive and the men chosen to assist them are spending your money — for you are the Chamber of Commerce. If the show is a great success you stand to share in the things the profits will do. Likewise, if the show is a failure you stand to share the disadvantages of the loss. The only reason for a loss occurring is lack of attendance — if you stay away it means just that much less when the receipts for this show are tallied.

There are lots of other places to go and other things to do but stop for a minute and think! Why should you rob yourself by having your attendance make a success of someone else's show. That is exactly what you do when you leave town during Raymond's two day Stampede and Race Meet!

Think it over!

Mr. and Mrs. Howard Rasmussen were hosts at a gathering of a few friends Sunday evening when chatting and a delightful lunch were enjoyed by the Bill Fairbanks, Godfrey Holmes Orson Bingham, Lincoln Woods, Ken Stones and Frank Taylor and Rol Stone.

Spray Those Weeds:

Now is the time to watch those field crops for weeds and make preparation for spraying, urges G.R. Sterling, Supervisor, Weed Control and Soil Conservation, Alberta Department of Agriculture. Generally speaking cereal crops are safe to spray when they have attained 6" in height. Stretch the longest leaves up to measure the height rather than measuring plants as they stand.

Susceptible weeds may be removed from wheat and barley after the crops are 6" high and just before the boot stage. Oats and flax are more susceptible to 2,4-D amine or MCP than other crops. Oats are particularly sensitive from emergence to shot blade stage. If the 2,4-D amine or MCP is used, oats may be safely sprayed at 3-6 leaf stage, or later from the early shot blade (8"-10" high with the stem beginning to elongate) to early boot stage; if the 2,4-D ester is used spray is only safe from early shot blade to early boot stage. The later stage is often better since few weeds will germinate by the time the oats reach the 3-6 leaf stage. Flax should be treated as soon after it has formed 3-4 leaves as weed growth warrants. Do not treat flax in bud stage.

A new product MCP, will be on the market for the first time in 1953. This product is less severe on the more sensitive crops and can be recommended at slightly higher rates than 2,4-D on crops such as oats and flax, Mr. Sterling states.

a
deep well
pump?

you'll be glad you installed a . . .

FAIRBANKS-MORSE SUBMERSIBLE!

HERE'S WHY . . .

It is economical — in installation — uses only one length of pipe inside casing . . . in operation — because it uses smaller motor, needs less power to operate . . . in maintenance — no rods or shafts to replace; no valves to repair; no lubrication trouble because both pump and motor are water cooled and water lubricated!

Has many advantages — never needs priming — 100% quiet; owner can install or remove with simple shop tools; service pipes may be cut in below frost line; tank and electric controls may be set over well or away from it.

Performance proved in thousands of installations.

Quality guaranteed by FAIRBANKS-MORSE!

RAYMOND, ALBERTA

Several children in the kindergarten class were discussing the large families they came from. My nephew, not to be outdone, told his teacher and classmates that he too had a large family—a mommy, a dad, a little brother, a bird and about twenty fishes and all of us are boys except my mother."

—Christian Science Monitor PATRONIZE OUR ADVERTISERS—

Temper tantrums at the age of one and a half to two years of age indicate that a youngster is discovering that he is an individual who wants to make to gain his co-operation by distracting his own decisions. It is often possible his attention with a new interest.

Once again the suggestion has been made that freighters should carry some sort of reflectors to warn motorists approaching railway crossings at night. Something like this could be done at very little expense. Simple and cheap glass reflectors or special paint would be all that is necessary. thinks The Financial Post. In a large number of crossing accidents, it is not the train that hits the motor vehicle but the other way around. And when one comes suddenly on a long freight sliding across a lonely road on a dark night, it is easy to understand why. After the engine has passed there is usually no more light at all until the caboose comes along sometimes a mile behind.

Spring Cleaning

First Voice: For a week, I have been standing under a cold shower every morning for three minutes."

Second Voice: "Didn't you find that pretty severe?"

First Voice: "Not too bad. I haven't had the courage yet to turn on the water."

BETTER THAN A ROOSTER - New electric device acts as times, reports The Financial Post. Turns almost any home appliance on and off automatically. Said to continue operation indefinitely without resetting, but can be here, made to 'skip' a day or more.

A little lemon juice added to the water in which rice is boiled will whiten it. It will also help to keep the grains separated.

Starting Junior's toothbrushing practice as early as possible will make it a valuable habit that will help to prevent cavities.

On a little service station away out on the edge of a western desert there hangs a shingle bearing the strange legend. 'Don't ask us for information. If we knew anything we wouldn't be made to 'skip' a day or more.'

There was an earthquake in a South American town which badly scared the inhabitants.

A family who lived there sent their little son to stay with an uncle in another district for safety's sake.

Two days later the parents received the following telegram: "Am returning your boy. Send the earthquake!"

Expensive Economy

Using cleaning fluids at home may be an economical way of cutting the cleaning bills but it may, in case of accident, become a very expensive one. Carbon tetrachloride is a popular home cleaner but its fumes can be a deadly poison unless it is used where these fumes are immediately dissipated into the open air. This fluid should be used only in rooms where there is good ventilation — outdoors is safer. It is not safe to use it in the basement unless there are open windows to clear the air. The cleaner should not be used by someone who is alone in the house for, in case of ill effects, there would be no one at hand. Sufferers from lung, kidney, liver or heart diseases are advised to avoid using the liquid.

QUESTIONS

ANSWERS

QUESTION: Does the use of alcohol bear any relation to cancer of the stomach?

ANSWER: Not so far as is known. Alcohol may have an unfavorable effect on stomach tissues for some persons but no more so than some other substances taken into the stomach with food or drink.

CANADA CANCER SOCIETY
114 McFarlane Bldg.
LETHBRIDGE, ALTA.

City Folks Are Interesting Study.

At ten o'clock Bill Tiller shut off the tractor, sat down on a pile of poles that would make firewood for the coming year.

He had started work at five thirty. When the sun came in the east window of the barn, he went to the half door at the end of the feed alley and watched the glory of the morning for a little while.

At breakfast he told his wife Mary that he had never seen a more beautiful sunrise.

Now after two hours of steady tractor work, he rested. The beauty about him satisfied his soul.

The cars of the summer visitors began to flit by along the road to town. Why these people went to town so often, always puzzled him, as did many other things about them.

He wondered why they rated each other according to the location and size of their city houses, the names of their cars, the labels on their clothes; whether they wore caps or hats, carried their parcels or used outboard on their boats.

He felt sorry that they did not really live.

R.C. Wallace: The critical test of our educational systems is the attitude of adults to their own mental growth.

Oil royalties brought the Iraq Government £34,000,000 (\$95,200,000) for the year ended March 31, was announced recently. The government gets half of the profits of the Iraq Petroleum Company, which estimated last year that the nation's income from oil would rise almost 400 per cent between 1951-55.

George Bouchard: 'Our country will grow and prosper only if the clamor of the great cities does not dominate the traditional voice that rises from the fields, only if the plough continues to be recognised as the most essential and the most fruitful instrument of production.'

Do showers catch you short of drying space? Turning baby's play pen over on its side will give you extra rack-room.

If plain milk doesn't appeal, try a flavoring. There are many different flavors used in cooking that give new character to milk. When children do not like milk, a little vegetable coloring will add novelty and make this valuable food more attractive.

W.L. Mackenzie King: "How different the story of the world's relations would be today had the Brute, in the name of the State, not been permitted to control the Man."

Success car

of the season!...

FORD

Right across the country the trend is to Ford! Ford's stepping ahead everywhere because Ford is ahead in all the things car-buyers want most... because Ford is worth more when you buy it... worth more when you sell it.

Ford's acclaimed from coast to coast for its great Strato-Star 110-Hp. V-8 engine, delivering the same kind of power that you find in the most expensive cars—smooth, lively, dependable V-8 power.

Ford's applauded in every province for its wealth of fine-car features, including the choice of three ultra-modern transmissions—Fordomatic*, Overdrive* or Synchro-Silent shift.

Ford's admired by everyone because it's such a beauty—inside and out—and because it offers such a satisfying choice of colours, trims and fabrics.

Yes, there are plenty of reasons why the steady, continuing trend to Ford has made it beyond any doubt the success car of the season. You'll discover all those reasons when you test-drive Ford.

POWERED with the finest... PRICED with the lowest!

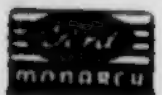

Why take less than the best?

THE WHEAT POOL STORY

At quite a few shipping points local Pool Elevators have been "plugged". This created an unfortunate condition for Pool members there who want to deliver grain to their own facilities. In some instances Pool members have asked the question "Why advertise asking for patronage of Pool Elevators when there is no room in the Pool Elevators at our point?"

It should be remembered, however, that there are 486 Alberta Wheat Pool country elevators and in many of these there is ample space for grain deliveries. Pool publicity is, therefore, directed to the farm people surrounding such delivery points.

Furthermore, a publicity program to be successful must be comprehensive and continuous. It is important that the farm people should be constantly reminded of the advantages of supporting the Alberta Wheat Pool.

This organization has been largely instrumental in keeping down costs of handling grain. Its presence and strength in an important division of the economic life in this province has prevented a drift toward monopoly practices. Pool Elevators are operated on a cost basis with excess earnings returned to Pool members. Ninety-five per cent of Alberta Pool earnings in the 1951-52 crop year went right back into the farmer's pockets.

Pool Elevator policies are based on the desires of working farmers and on experiences gained over many, many years of co-operative effort. The democratic system under which the Wheat Pool is operated makes it responsive to the aims and desires of "operating farmers".

Alberta Wheat Pool publicity has constantly followed a pattern of public education. People in villages, towns and cities are continually made aware of the vital importance of agriculture to the economy of the province and to the Canadian nation. In no other province in Canada has agriculture's importance received such a deserved measure of publicity.

"The Wheat Pool Story" is an important one. Its aim is to build a lasting and growing farmer co-operative which will be of service to agriculture in generations to come. Also to create a sympathetic atmosphere to every farmer co-operative in this province.

"It's ALBERTA POOL ELEVATORS FOR ALBERTA FARMERS"

RAYMOND PHONE 45

Demountable Clothesline - Disappearing clothesline, divided into five sections for compactness, and easily installed in any yard, is now manufactured in Canada, reports The Financial Post. Ready for use in a matter of seconds with 100 feet of available line, it's put away when the washing is taken down. Lines are always encased when not in use, and thus stay clean. No poles mar the garden view.

Some Tiger—Some idea of the kind of the tiger the scientists have by the tail in atomic power may be grasped from this little statement of D. A. Keyes of the Chalk River project in the Financial Post:

"A pound of uranium 235, if totally converted into heat, will yield 11,400,000 kilowatt hours of energy - equivalent to the heat released by burning about 1,300 tons of coal."

A 100 ampere hour storage battery used in a motor car contains, when fully charged about a horsepower. The same weight of nuclear fuel contains 300 million horsepower."

Australia's Highest Peak
Mt. Kosciuszko, 7,328 feet, in New South Wales, is the highest peak in Australia.

Harnessing Niagara will look like child's play compared to putting this new source of energy to work, comments The Post.

Marvelube
GREASE "O" or "I"

With either of these improved type grease guns and a filler pump, you can cut down the time it takes to do a grease job—you can be sure every bearing is properly greased. Equally important, you get away from the time-wasting, messy job of filling with a paddle.

The chance to buy either of these guns is offered with every 25 lb. pail of Marvelube Grease "O" or "I"—the grease that's used by more Canadian farmers than any other brand!

Check these features—Choice of 2 guns

High Pressure Gun

- 10,000 lbs. pressure for stubborn bearings
- Takes 3 strokes of pump to fill
- Keeps grease clean
- Can't air-pocket, works every stroke
- Small nozzle for hard-to-reach places
- Greases up to 100 fittings with one fill

All-purpose Gun

- 7,500 lbs. pressure
- Lower priced, tops in its class
- Special attachment for use with filler pump

What Happened at the Council Meeting

(Continued from page 1)

Post Office building and the Mercantile store so traffic could turn on Broadway.

(2) That the town sell the skating rink to the Mercantile and move the rink to another location. If the town did so, the company would create a parking area on this location. Moved by Councillor Salmon that Mr. Wildes committee investigate this matter and that the Council discuss it at a later date. Carried.

B.B. Guns: Mrs. Bingham, Mrs. Grant Mrs. Woolley and Mrs. Bullock met the Council complaining of the damage done in their neighborhood by children using B.B. guns and requesting that some action be taken to control this. Moved by Councillor Kenney that the Police Department investigate the matter and bring in a recommended by-law covering this matter for next meeting. Carried.

Constables Wages: Moved by Councillor Ralph that the Constable's wages be increased by \$5.00 a month as of May 1st. Carried.

Town Truck: Bids from Karl Wilde Dahl Motors, Melchior Motors and G.N. Wells were read quoting a price on a half-ton truck and a trade-in allowance on the town Fargo truck. Melchior Motors bid being \$1203.00 plus a trade in. Moved by Councillor Galbraith that this bid be accepted and that a Chevrolet truck be purchased equipped with 3-6.50 commercial tires. Carried.

Pigs: Moved by Councillor Kenney that the Health by-law regulating pigs in town of Raymond be strictly enforced, that people having pigs be informed that they must obtain a permit each year from the Medical Health Officer to maintain pigs in town and that no more than 2 be allowed in any case and keeping pigs without a permit would result in prosecution under the by-law. Carried.

The necessary three readings were given to a By-Law amending No. 410 being a by-law for prevention of damage to ditches, sidewalks and other municipal works being added at the end of Section 1 of the said by-law in addition to the penalties herein provided the offender shall be requested to pay the damages done by adding a new section 1 numbered 1-A. Any person damaging any boulevard, street, pathway, building or structure in any of the streets or lanes or parks or other public places or on private property in Town of Raymond shall be subject to penalties set out in clause 1 of this by-law.

Institute for the Blind: Moved by Councillor Ralph that a grant of \$15.00 be given to the Canadian Institute for the Blind. Carried.

Building permits: Moved by Council or Wilde that the application of Jack MacPhee for a building permit as per application be granted.

Knight Sugar Company: Letter of Mr. Virtue representing the Knight Sugar Company regarding a site for sewage disposal plant was read. The Mayor requested the Secretary to write Mr. Virtue stating that the town would be willing to sign any reasonable agreement that the town could carry out and suggested that Mr. Virtue's client personally look over the situation with the Mayor and see if an agreement could not be reached.

Taylor Stake Welfare Centre: Moved by Councillor Ralph that a grant be given the Taylor Stake equivalent to one half the taxes on their welfare center with no discount being allowed for frontage and sewer charge.

Robert Brandley: Robert Brandley's application on behalf of the 6th Quorum of Elders for permission to sell confection on July 1st during the parade was referred to the Chamber of Commerce.

Hospital Auxiliary: Moved by Councillor Salmon that they be permitted to hold Tag Day on the first day school commences. Carried.

Swimming Pool: Moved by Councillor Galbraith that Bert Fairbanks be employed as Lifeguard and care taker at a salary of \$130.00 per month.

Tennis Court: Moved by Councillor Kenney that the School Board be permitted to move the tennis court fence and equipment on to the High School grounds provided they remove all the fences and posts and that the public have access to the tennis courts on the school grounds. Carried.

Sale of Lots: Moved by Councillor Ralph that Ken Restall's application for a lot in block 18 be granted and the lot being sold for \$175.00 with building commitment within 2 years and that John Smith's application for a lot in block 32 be granted at a price of \$100.00 with building commitment within 2 years.

Sidewalks: Moved by Councillor Wilde that the portion of sidewalk on Broadway in front of the Knight Sugar Office be repaired with a curb in order to remedy the drainage situation at that point. Carried.

Payroll was read and ordered paid on motion of Councillor Galbraith.

Meeting adjourned on motion of Councillor Kenney.
